SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Regional EOC	Coastal Regional EOC	Southern Regional EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated March 2, 2020, at 0700 hours, in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas. As of 06/19/20 at 1700 hours the MRCC has been deactivated.

Situation Overview

- **FEMA-4482-DR-CA**
On March 22, 2020, President Trump approved Major Declarations FEMA-4482-DR-CA (DR-4482) for the COVID-19 Pandemic.
- **Executive Order N-33-20**
On March 4, 2020, the California State Public Health Officer and Director of the California Department of Public Health (CDPH) ordered all individuals living in the State of California to stay home or at their place of residence, except as needed to maintain Continuity of Operations of the federal critical infrastructure sectors.
- **Global Health Advisory**
On March 19, 2020, the U.S. Department of State issued a Global Health Advisory at Level 4 (Do Not Travel) due to the global impact of COVID-19.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 1000 Hours on [June 28, 2020](#):

- [10,169,380 \(+171,754\)](#) Total confirmed cases in 213 countries.
- [502,802 \(+3,890\)](#) Total deaths.

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 1100 Hours on [June 28, 2020](#):

- [2,504,175 \(+44,703\)](#) Total confirmed cases.
- [125,484 \(+508\)](#) Total deaths.
- Numbers reported on Saturdays and Sundays are preliminary and not yet confirmed by state and territorial health departments. These numbers will be modified when numbers are updated on Mondays.
- Please see the attached California Department of Public Health (CDPH) / Cal OES Joint Situation Report for additional details.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A Red Flag Warning has been issued for Sacramento Valley, Eastern Mendocino, Eastern Shasta and Trinity, Northern Sierra Foothills, Southeast edge of Shasta Trinity and Western portions of Tehama and Glenn, and the North Bay Mountains from today through 06/29/20.
- A prolonged heat event continues through Saturday for interior Northern California.
- Significant cooling trend today and into early next week, with a slight chance of some mountain showers.

SOUTHERN CALIFORNIA

- High Wind Warning issued for Eastern Slopes of Inyo County and Owens Valley.
- Advisory Level Winds along the Carrizo Plain, Los Angeles Mountains, Antelope Valley, Coachella Valley, Riverside County Mountains, San Bernardino County Mountains, San Diego County Deserts, San Diego County Mountains and San Geronio Pass near Banning.
 - 45-55 mph winds start today and last into Monday morning.
 - Wind gusts will kick up clouds of dust limiting visibility down to 2 miles in the Antelope Valley.
- A Red Flag Warning has been issued for Death Valley, Lower Colorado River Valley, Mojave Desert, Owens Valley, and Southern Mono. County starting today and lasting until 2300 this evening.
- The warming trend continues in Southern California, with temperatures ranging from 98-104 degrees throughout the week.

WEATHER KEY POINTS

06/28/20 - 07/04/20

Sunday-Monday

- Strong winds are likely across the interior portions of southern CA and the eastern Sierras for Sunday and Monday, with blowing dust and minor damage possible
- Gusty winds and dry conditions will lead to elevated to critical fire weather concerns across much of the state Sunday and Monday, with the most critical conditions expected near the Nevada border, in the Sacramento Valley, and over the North Bay
- Low heat impacts are still possible across Southern Region on Sunday, but in general cooler temperatures are expected the next couple of days across the state
- Light rainfall is possible in a few locations, especially near the Southern California coast, but no significant impacts are expected

Tuesday-Saturday

- No significant impacts are expected through the work week
- Dry and seasonable weather will continue, with a slow warming trend
 - Low to moderate heat impacts could develop across Southern Region by Friday or Saturday

CALIFORNIA WEATHER IMPACTS
